MUY IMPORTANTE

I have talked with Shirley about our need for another resource for our students that are advanced. Peg is also helping with this. Any volunteers for Cinco de Mayo? If for no other reason to have a great time eating the food. It is May 14th. We are starting to gather the names of the churches in the area. The idea is to contact them one on one and ask if they would put a notice in their church bulletin to see if anyone would be interested in tutoring. Look for an article about our program in the Telegraph Herald soon!
