BEATLES AND GUIDED GROUP

- We have an Action Verb board game.
- There will be two teams. Each person will roll the die to determine if they will be on the even number or odd number team.
- Each person from their team will roll the die and make their move on the board.
When they land on the verb they have to use the verb in a sentence.
Team mates may help. There is a one minute time limit on each space.
- The team that finishes first gets a bag of candy.

I will have some handouts next week that everyone can work on. That will take up the entire time for that lesson. No Beatles Group.

Any suggesstions waht we might serve for our Certificate Ceremony in September ? Nothing fancy.
